

The Word on the street!

February 2010

Hi in Christ!

Just a quick update on our new directions:

- We are still looking for a spot to host our **Shoobox Hamper** ministry for needy teens. We can use the StreetHope RV if we find an overnight storage space near downtown.
- **The StreetHope RV** is almost ready after a \$2000 visit to the mechanic! It should be here shortly and in use at least a couple days per week! We'll use it everyday when we find a place to store the RV in town.
- Several of us, including Sue Patterson, Barbara Stoeckel, Erick Hinton and Des Cory, have been hitting the street most afternoons connecting with people, offering snacks and assurance of God's desire for them. Many of our old friends say they miss us and want to know when we will have another place.
- We are also looking for a space to hold a weekly "**Agape Gathering**" where we can invite people to join us for a meal and a worship time. As before, this will be a place for marginalized Christians and seekers to connect comfortably to the body of Christ.

So, we need a parking spot, a place for our shoobox ministry and agape gathering, and financial support to help bring the gospel to people who are without hope.

Thank you for your continued support and prayers!

Your servant in Christ,
Capt. Rick Sandberg.
